407. Wm Allen - son of Joseph 1741

Colonel William Allen was the name chosen for our Chapter because he was at one time the owner of Claremont Manor. This large estate was owned by the Allen family for many generations.

Arthur Allen patented lands in Surry County, Virginia in 1649. In 1655 he built a brick house which is known today as "Bacon's Castle". John Allen of Claremont was a member of the House of Delegates from 1784 to 1788, and again in 1791. He was a member of the Convention of 1788 and of the Privy Council in 1799. Colonel William Allen was one of the descendants.

William Allen qualified as Colonel of the Surry County, Virginia, Militia on May 25, 1764, and on May 23, 1775 was appointed County Lieutenant. (Surry County, Virginia Order Book); he served as a Colonel during the Revolutionary War; he made his will 9-4-1790, and it was probated September 24, 1792 in Surry County, Virginia; he mentioned his children shown below and his grandson, William Allen Harrison, in his will.

This Colonel William Allen, son of Joseph Allen inherited the Mansion, "Claremont" (Surry County, Virginia), said to be a replica of Claremont in Surry, England, residence of Queen Victoria's father, the Duke of Kent.

Colonel Allen married Mary, daughter of William Lightfoot of Yorktown and Tedington, Charles City County, Virginia, Burgess from that County in 1756-58. Mr. Lightfoot's wife was Mary Howell; he was the son of Colonel Philip Lightfoot of Gloucester (D.1708) and Alice Corbin, daughter of Henry Corbin, a member of the Governor's Council.

The children of Colonel William Allen and Mary Lightfoot were:

(1) John, eldest son of "Claremont Manor", Surry County, Virginia was a member of the General Assembly 1784-88, member of the Convention of 1788 and the Privy Council of 1799. He bequeathed a communion service of silver to Colonial St. Andrew's Church of Albermarle Parish, which is now in use in the Episcopal Church at Courtland, Virginia.

(2) Ann Armistead Allen married John Edloe. (1777-1833)

(3) Martha Bland Allen Married Miles Selden. (1780-1814)

(4) Mary Howell Allen married Carter Bassett Harrison.

(5) William known as Colonel William Allen, born March 7, 1768, served as a Colonel of Militia in the War of 1812, and when he died in 1831, he bequeathed "Claremont Manor" to his great nephew William Griffin Orgain, who changed his surname to "Allen".

The preceding information was taken from "Southside Virginia Families", Vol. I, Page 4, by John B. Boddie and from our Historical Sketch 1923-1930, by Eleanor Deverall Stewart, Registrar.

The following is from "Colonial Surry" by Boddie:

Surry was also invaded in the War of 1812. Col. William Allen was in charge of the County Militia and he wrote the Governor on July 1, 1813 as follows: "The day I wrote you from Cabin Point by mail, June 29th, I ordered my regiment to convene at Surry Court House the next day. Have at this time all the men that have arms on duty, to prevent, if possible, the British from committing depredations on the shores. Today I went down to Four Mile Tree, where I understood the British had landed from some of their barges; unfortunately they had returned about half an hour before I got there with two companies of Infantry. They are destroying all the stock and sheep and cattle they can find and the furniture in the houses. They took from Four Mile Tree and Mt. Pleasant this morning 26 head of sheep and the fowls, destroyed the furniture at Four Mile Tree and Mt. Pleasant. They were also at Mr. J. D. Edwards.

Dear Blanche:

I made such a mess of your card before I was through with it that I have to put it in an envelope. The references I found and quoted, together with this: (From the Reverse of the First Book, where the Council for the Colony, the Oaths of the several officers of the Colony and of the Counties and other data is found)

"Persons Nominated by the Con----- of the

will quite likely give you what information you are looking for. At this date, which was April 30, 1652, there could have been no mistake and Arthur A. Allen must have been the person named.

NOTES ON THE ALLEN FAMILY.

1. James Jones Banks.
Born Enon, Alabama, April 27, 1861. Died Miami, Florida, December 1946. Served as City Attorney for Birmingham, Alabama, Judge of the Circuit Court of Alabama and Justice of the Supreme Court of the Territory of Hawaii. Married Laura Lee Fruzer of Union Springs, Alabama.
2. Jane Rebecca (Harvey) Banks. Born in Georgia July 2, 1821, died in Russell County, Alabama, Aug. 28, 1879. Buried at Enon, Alabama. The inscription on her headstone reads--- "Jane Rebecca, wife of Jabez B. Banks, daughter of William and Harriett Harvey, born July 2, 1821; died Aug. 28, 1879". She married J. B. Banks at Talberton, Georgia, March 4, 1841.
3. Harriett (Allen) Harvey. Buried at Enon, Alabama. The inscription on her headstone reads--- "In memory of Mrs. Harriett Harvey, wife of William Harvey, born Sept. 17, 1798, died April 9, 1873". The Census of 1850 for Macon County, Alabama, shows the following--- "William Harvey, age 65, Farmer, born in Georgia; Harriett, age 53, born in Georgia, etc.". William Harvey was buried at Auburn, Alabama, where he died on January 22, 1852.
4. James Allen. Buried in Columbus, Georgia. The inscription on his headstone reads-- "Sacred to the memory of Rev. James Allen. Born in Virginia July 26, 1764, died in Russell County, Alabama, July 12, 1851". Is reported to have married Jane Eliza McGehee but proof is needed for my records. Six of his descendants have been admitted to membership in the Daughters of the American Revolution and they all show his wife as Jane Eliza McGehee. On one of the D. A. R. applications he is given the title of "M. D." while others refer to him as Dr. James Allen; however the headstone inscription indicates that he was a minister. In his will he mentions his

"daughter Harriett Harvey".

5. John Allen.

James Allen is reported to have been the son of John Allen of Surry County, Virginia. This John Allen was born ----- and died about 1799. He seemingly was a Captain in the Revolutionary army. He was a member of the Virginia House of Delegates in 1784-86-87-88 and 91. He was also a member of the Virginia Council and a delegate to the Convention which ratified the Federal Constitution in 1788. He attended William and Mary and was one of the organizers of the Phi Beta Kappa Society. The name of his wife and her family connections and proof that James was their son is needed. It would also be helpful to locate a copy of his will.

6. The names and connections of the father and mother of Capt. John Allen are needed. Any other information about them will be helpful.

7. Col. John Allen. Born -----, died-----.
Married Elizabeth Bassett, the daughter of William Bassett. He is referred to as "Col. John Allen of Clermont".

8. Col. Arthur Allen. Made his will dated Feb. 6, 1709. Named his wife Katherine, the daughter of Col. Lawrence Baker, and seven children among whom was John Allen.

9. Maj. Arthur Allen. Born 1602 and came to Virginia prior to 1649. He married Alice Tucker. He built his home in Surry County which is now known as Bacon's Castle. He died in 1670. Proof that he was the father of Col. Arthur Allen is needed.

From preamble of will of Dr. Robert Williamson, "I wish to
be buried as near as maybe possible to my late deceased, father-
in-law, Mr. Arthur Allen." Dated Feb. 16, 1669.

(This seems to make the dates as given in the published ac-
counts of the family inaccurate. See Wm. & Mary Vol. 4, p.
110, which states he was born in 1602 and died in 1670. If
he was 60 in 1667, born 1607 and had died by 1669, according
to Williamson will.)

Robert Burnett qualified on the will of Dr. Robert Williamson
as marrying the Relict of sd. Williamson.

ALLEN

Arthur Allen I patented over 1200 acres of land in Surry County, Virginia, in 1649. There is a persistent tradition in this county that he belonged to the Royal House of Gulph and fled to Virginia for political reasons. He served the county as a Justice and about 1660 built the famous "Bacon's Castle" of Surry County, which is claimed to be the finest type of Jacobean architecture to be found in this country. Arthur Allen died in 1670 leaving his plantation to his son and heir Major ^{who was the builder of Claremont Manor.} Arthur Allen. During Bacon's Rebellion in 1676, the house was seized and fortified and used as a stronghold by Bacon's adherents, commanded by William Rookings and was held by them for nearly four months. From that time the house was known as "Bacon's Castle". That he married Alice Tucker may be proven from the Surry records, when he made a deposition in 1667/8 with her brother Daniel Tucker of York County. That he left a daughter Joan, who married Dr. Robert Williamson of Isle of Wight County is shown from the will of Dr. Williamson and of that of her brother Arthur Allen in 1710, when he left a bequest to his sister, a Joan Proctor, there being ample evidence in the Isle of Wight County records that she married first Dr. Robert Williamson, second Robert Burnett and third Reuben Proctor.
